## Profile

I am a highly driven, very self-motivated, and analytical data professional. Current participant in Tech Talent Academy's Data Academy programme learning Python fundamentals, including key data science libraries such as NumPy, Pandas, Matplotlib and Altair. In addition to this I am gaining a solid grounding in relational database management (SQL), data visualisation/business intelligence packages such as PowerBI, Tableau and Solidatas. I am a keen and adaptable worker looking for entry level data science positions that will utilise this skillset.

## Training and Education

### **TechTalent Academy, Data Science**

**2021**
